

Wireless Charging Active Stylus for iPad®

- Magnetic wireless design for easy storage and charging
- Bluetooth® onscreen power display
- Palm rejection allows you to rest your palm on the screen without causing interference
- Tilt writing
- No pairing required
- One-piece body with 1:1 Apple Pencil® size and accepts original Apple Pencil tip (Apple Pencil tips sold separately)
- 90-minute charging time with long-lasting battery supports 10 hours continuous working and 180 days standby time
- Works with iPads that support wireless charging for stylus

Write, draw, and scroll with ease using the Wireless Charging Active Stylus for iPad®*. Its sleek, one-piece body design is the same size as the Apple Pencil® and even accepts original Apple Pencil replacement tips, making this stylus an excellent choice for iPad users. The durable tip provides a natural pen-like experience, allowing you to write and draw accurately and comfortably. And thanks to its palm rejection functionality, you can rest your hand naturally on the screen and write as smoothly as you would on paper.

This convenient stylus requires no drivers to function — simply touch the stylus to activate. And there's no need to worry about draining power. The stylus will trigger its power-saving Sleep Mode if left idle for 5 minutes. Charge for 90 minutes and enjoy 10 hours of continuous working and 180 days standby time. With instant connectivity and a long-lasting battery, the Wireless Charging Active Stylus for iPad is a superior choice for precision and comfort.
