

HPE Networking Instant On Switch Series 1430

Unmanaged switches designed for small business.

Perfect for small and home offices

Product overview

Technology brings new revenue opportunities, more effective communication, and improved productivity to businesses of all sizes. Yet it also poses daily configuration and maintenance challenges, especially for small businesses who lack IT support. Small offices and home offices need reliable network connectivity that's fast, configuration-free, and affordable for even the most budget-strapped businesses.

The HPE Networking Instant On Switch Series 1430 is a plug-and-play unmanaged switch series for small businesses looking for simple, reliable, and low-cost network connectivity. These easy-to-use switches deliver Layer 2 Gigabit Ethernet switching capabilities — at an affordable price point — to help connect and share common resources like printers and access points, without any complicated network configuration.

With plug-and-play operation, fully automated functions, zero ongoing maintenance, and Power-over-Ethernet (PoE) models, these switches deliver simple, reliable connectivity for the smallest SMBs and home offices.

The Instant On 1430 switches have seven configurations to choose from: 5-, 8-, 16-, 24-, and 26-ports, with optional PoE in the 8- or 16-port configurations. With the PoE models, you get up to 30W PoE per port power delivery for Class 4 PoE devices like access points, surveillance cameras and VoIP phones. The 8-port and 16-port PoE models come with a power budget of 64W and 124W respectively to support the latest IoT devices. The 26-port 1430 switch includes 2 SFP ports to uplink to other switches over long distances. All switches are fan-less, making them ideal for acoustically sensitive areas, and are unmanaged, requiring no configuration (not managed by Instant On management).

Hewlett Packard
Enterprise

Highlights

- Simplicity at its best
 - Plug-and-play switches that work right out of the box
 - Zero configuration required
- Reliable connectivity
 - Connect faster with Gigabit Ethernet speed
 - PoE to power devices like APs and IP phones
- We've got you covered
 - Industry-leading warranty and support
 - 24 x 7 chat support for entire warranty period

Instant On differentiators

Better together

Instant On products work together to provide a seamless Wi-Fi experience. Wired and wireless voice traffic is prioritized with high QoS priority end-to-end for optimal voice performance.

Industry-leading support and warranty

Expert-level support and industry-leading limited lifetime warranty are also included, along with chat support for the life of the product.

Key features

Plug and play

Gigabit Ethernet speeds

Supports half/full-duplex auto-negotiating capability on access ports that doubles the throughput of every port.

Long-distance fiber connectivity

26-port model includes two 1G SFP fiber ports for uplinks and to support long-distance connectivity using fiber transceivers, for a total of 28 Ethernet ports.

Simplified cabling

Automatically adjusts for straight-through or crossover cables on all 10/100/1000 ports using Auto MDI/MDI-X.

Ethernet Alliance PSE Class 4 PoE Certification

Power-over-Ethernet (PoE) functionality is supported on two 1430 models that provide up to 30W per port, which allows support of Class 4 PoE or IEEE 802.3at-capable devices such as video IP phones, wireless access points, as well as any 15.4 W IEEE 802.3af-compliant end device, thereby eliminating the need for additional electrical cabling and circuits.

EAPoL frames forwarding

802.1x EAP over LAN frames are forwarded through the switch so that clients can authenticate when the device provides connectivity between an authenticator and supplicants.

STP BPDU frames forwarding

The switch forwards the BPDU frames to make sure that Spanning Tree Protocol works correctly preventing loops in the topology.

| Brand | Standard | Class | Min. power at the PSE port | Max. power at the PD port | Wire usage | EA Certified Logo |
|-------|---------------|-------|----------------------------|---------------------------|------------|---|
| PoE 1 | IEEE 802.3 af | 0-3 | 15.4W | 13W | 2 pair |  |
| | IEEE 802.3 at | 4 | 30W | 25.5W | | |

Traffic optimization

Prioritize voice and video

Quality of Service provides priority of time-sensitive packets (like VoIP and video) over other traffic based on DSCP or IEEE 802.1p classification.

Flow control

Provides a flow-throttling mechanism propagated through the network to prevent packet loss at a congested node.

Jumbo frame support

Provides up to 9216 bytes frame size to improve the performance of large data transfers.

Energy efficiency

Energy Efficient Ethernet (EEE)

Compliant with 802.3az standard requirements to save energy during periods of low data activity.

Fan-less operation

Requires less power to operate and enables quiet operation in acoustically sensitive environments.

Warranty, service and support

Instant On Limited Lifetime Support provides 24x7 phone support for the first 90 days and chat support for the entire warranty period. Community support is included for the life of the product.

Refer to the Hewlett Packard Enterprise website at hpe.com/networking/services for details on the service-level descriptions and product numbers. For details about services and response times in your area, please contact your local Hewlett Packard Enterprise sales office.

Standards and protocols

(Applies to all product in series)

| General Protocols | |
|-------------------|-----------------------------|
| IEEE 802.3i | 10 Mbps Ethernet |
| IEEE 802.3u | 100Base-T Ethernet |
| IEEE 802.3z | 1000 Mbps Ethernet |
| IEEE 802.3ab | 1000Base-T |
| IEEE 802.3af | PoE1 (PoE models only) |
| IEEE 802.3at | PoE1 (PoE models only) |
| IEEE 802.3x | Flow Control |
| IEEE 802.3az | Energy Efficient Ethernet |
| RFC 2474 | QoS diffserv (DSCP) mapping |

Ordering information

Instant On Switch Series 1430

| Part number | Description | Ports | Uplink Ports | Class 4 PoE Power Budget |
|-------------|--|-------|--------------|--------------------------|
| R8R44A | Instant On 1430 5G Switch | 5 | – | – |
| R8R45A | Instant On 1430 8G Switch | 8 | – | – |
| R8R46A | Instant On 1430 8G Class4 PoE 64W Switch | 8 | – | 64W |
| R8R47A | Instant On 1430 16G Switch | 16 | – | – |
| R8R48A | Instant On 1430 16G Class4 PoE 124W Switch | 16 | – | 124W |
| R8R49A | Instant On 1430 24G Switch | 24 | – | – |
| R8R50A | Instant On 1430 26G 2SFP Switch | 26 | 2 SFP | – |

3 and 5 year support options

| Product SKU | Support SKU | Support SKU Description |
|-------------|-------------|---|
| R8R44A | H36PQE | HPE 3 Year Foundation Care Next Business Day Exchange 1430 5G Switch Service |
| R8R44A | H36PRE | HPE 5 Year Foundation Care Next Business Day Exchange 1430 5G Switch Service |
| R8R45A | H36PSE | HPE 3 Year Foundation Care Next Business Day Exchange 1430 8G Switch Service |
| R8R45A | H36PTE | HPE 5 Year Foundation Care Next Business Day Exchange 1430 8G Switch Service |
| R8R46A | H36PVE | HPE 3 Year Foundation Care Next Business Day Exchange 1430 8G Class4 PoE 64W Switch Service |
| R8R46A | H36PWE | HPE 5 Year Foundation Care Next Business Day Exchange 1430 8G Class4 PoE 64W Switch Service |
| R8R47A | H36PXE | HPE 3 Year Foundation Care Next Business Day Exchange 1430 16G Switch Service |
| R8R47A | H36PYE | HPE 5 Year Foundation Care Next Business Day Exchange 1430 16G Switch Service |
| R8R48A | H36PZE | HPE 3 Year Foundation Care Next Business Day Exchange 1430 16G Class4 PoE 124W Switch Service |
| R8R48A | H36QBE | HPE 5 Year Foundation Care Next Business Day Exchange 1430 16G Class4 PoE 124W Switch Service |
| R8R49A | H36QCE | HPE 3 Year Foundation Care Next Business Day Exchange 1430 24G Switch Service |
| R8R49A | H36QDE | HPE 5 Year Foundation Care Next Business Day Exchange 1430 24G Switch Service |
| R8R50A | H36QFE | HPE 3 Year Foundation Care Next Business Day Exchange 1430 26G 2SFP Switch Service |
| R8R50A | H36QGE | HPE 5 Year Foundation Care Next Business Day Exchange 1430 26G 2SFP Switch Service |
