A perfect blend of style and storage, the Spruce™ EcoSmart® Checkpoint-Friendly Backpack is designed to protect widescreen laptops up to 17" in size. Eco-friendly to its core, it's constructed with polyester made from recycled plastic bottles and features nickel-free hardware and recyclable plastic components that emit fewer toxins into the environment during production.

To store your essentials, the backpack features a key clip, water bottle holder, MP3 player, business card holder, pen loops, and accessory compartments. A quick-access front pocket provides a convenient place to store items while on the go.

The padded back panel and adjustable shoulder strap allow for a customized, comfortable fit. A colorful green interior lightens the case, making items stored inside more visible. Both sleek and sporty, the Spruce line offers a durable option with carefully selected materials to minimize your carbon footprint.
