

DEFENSOR

Your First Line of Defense

The Defensor guards the health of your back enabling you to game harder, for longer. Its integrated PushBack advanced lumbar support system lets you control just the right amount of pressure applied on your lower back, preserving the natural curve of your spine. The 4D folding armrests offer a choice between optimal arm support and unhindered movement; features such as high-density molding foam and a magnetic memory foam neck pillow prioritize your comfort.

The Defensor is available in three upholstery choices: premium Hyper-Dura leatherette, woven fabric, and imitation linen.

PushBack Support

The PushBack advanced lumbar support system helps maintain the natural lordotic curve of the lumbar spine. Integrated directly into the Defensor, it lets you precisely adjust exactly how much pressure is applied to your lower back, relieving pressure on your spinal structure by encouraging orthopedically sound alignment.

Magnetic Memory Foam Neck Pillow

Equipped with a Magnetic Memory Foam Neck Pillow, the Defensor lets you easily position the pillow to your exact preference. The memory foam conforms to your body's shape, relieving pressure on your neck and making sure you stay healthy through those long gaming sessions.

High-Density Molding Foam

High-density molding foam contours closely to your back's shape over time for superior comfort and robust support.
